

Tiwari Watson Dental Care Newsletter November 2017

Gemma passes her IV Sedation Course & Danielle Passes Cannulation course!

Congratulations to our nurse Gemma who successfully passed her final exams in IV Sedation this month after a year long course. She is now a fully qualified dental sedation nurse.

Danielle sat the same course last year and has now gone on to develop her skill set by completing a cannulation course at the dental hospital. This commitment to our staff training ensures that you, our patients are always in safe, knowledgeable and well trained hands!

IV Sedation or 'twilight sleep' is a way for our more anxious patients to help get the treatment they need. Ask us about it today if this if you would like to know more!

Well done Gemma!

Danielle Concentrating hard on her cannulation

Book in for your whitening moulds today!

Fancy whiter smile this winter? Why not try our Air flow stain removal treatment?

Air flow stain removal helps get rid of those stubborn stains on your teeth making them feel sparkly clean and instantly whiter!

Introducing our dental therapists

What is a dental therapist you might ask?

Rebecca and Andrea are dually qualified in dental hygiene and therapy. As hygienists they focus on promoting and maintaining good oral health. This may include scaling and polishing or air flow stain removal treatment.

As therapists their skills extend beyond dental hygiene to tooth whitening, administering fluoride, detecting for oral cancer and carrying out white and silver fillings. They have a special interest in acclimitising children to the dental practice and provide all aspects of childrens dental treatment including fillings, crowns, extractions and fissure sealants.

What you said about us this month

Nawar- "I found myself in need of urgent help with really bad toothache. I first phoned my regular dentist. They couldn't see me until 12pm the next day. My brother recommended I try Tiwari Watson Dental Care. I phoned reception and I was given an emergency appointment. I only had to wait 30 minutes. I am now at home feeling a million times better. The staff were very helpful. Everything was handled better than I could of imagined."

Fiona - "Rashi was amazing with my son junior who was really nervous and she made him feel at ease and now he's not afraid of he dentist 💎 staff are all really friendly also, amazing dentist

Marie – "Raashi is an amazing dentist before going to Raashi i was always terrified at the thought of going even had to be sedated, between panic attack's, palpitations and cold sweats. Not now all the staff are lovely especially Sharon she has been looking after me for years Like our pages and give us a follow!
