Botox (2/3 areas)- £165

Fillers 0.55ml £140

Fillers 1ml £195

Did you know?

We offer Flexible dentures which are new and improved- lighter, smaller, stronger and tighter. As they are flexible, it doesn't normally need to cover the roof of your mouth, so these are better for speech and taste too. Think you may prefer these to your own dentures? Let us know and we can arrange an appointment to get started!

Our newest recruit

As most of you may know we have had our nurse Bili in two days a week on college placement, after successfully completing her dental nursing course and qualifying, Bili extended her knowledge and is currently completing her additional radiography course. Bili enjoyed working here that much on her two-day placement days that she has now decided to work here full time and will begin full time later this month. Well Done Bili!

Smile of the Month - This month's smile makeover:

This month's smile of the month consists of a dental implant to replace a missing tooth.

Ever thought of getting an implant? We are now offering free consultation appointments with Danielle who would happily discuss any implant options you may have considered.

If you would like to find out more about any of these treatments please ask at reception for more details or our dentists would be more than happy to answer any queries you may have!
