Friends and Family Test Results

Each month we survey our patients and we are proud to say that this month 100% of you said that you would recommend us to friends and family - thank you!!

Please Be aware

We would like to bring your attention to an illegal, unsafe internet tooth whitening kit one of our patients brought in to us recently. Unfortunately, our patient had suffered from severe pain & burning on her gums after using this for only 30 minutes! Please note the only safe and legal whitening gels are available by prescription from a dentist. We only use the safest, tried and tested products on the market. Products purchased online may contain harmful substances and should be avoided. If you would like to know more information about safe whitening please get in touch we'd be more than happy to answer your questions.

This was the tooth whitening kit which caused damage to the gums.

Competition Time

The winner of last month's competition "what is the main cause of gum recession?" was Audrey Smart. There are various causes of Gum recession including smoking, gum disease, age, poor oral hygiene and brushing too hard. As some of our patients guessed these we had to put all of our correct answers in to a hat and do a lucky dip! We thank you all for participating in last months competition.

However, you do have another chance to win a free scale and airflow polish this month, all you need to do is correctly answer the following question:

How many days has Tiwari Watson Dental Care been open till the 30th of April?

We wish you all the very best of luck in this month's competition!

The airflow is excellent for removing stains as this image shows.

Why not treat yourself to our air flow stain removal treatment? - Only £28.49!

Smile of the Month - This month's smile makeover:

This month's smile of the month consists of:
A dental implant to replace a missing tooth....

If you would like to find out more about any of these treatments please ask at reception for more details or our dentists would be more than happy to answer any queries you may have!
