

# Tiwari Watson Dental Care December 2018

## WE HAVE A WINNER

The November competition of guessing who the famous dentist was and where his practice was has now come to an end. We can now reveal that the Dentist is called Philip Sherman, who is from the movie Finding Nemo, his practice is in Sydney Australia. We would like to thank you all for participating in this competition, as many of you guessed correctly, the only fair enough way to pick a winner was through a random name generator, we can now reveal that the lucky winner of this competition and who will be winning a tooth whitening kit is Lorraine Elliott.

WELL DONE!!

## CHRISTMAS GIFT APPEAL

This Year for Christmas, the team at Tiwari Watson Dental Care have decided to buy gifts for a Christmas Gift Appeal instead of buying each other gifts. We are working with Glasgow spirit of Christmas where each member of staff will buy presents for a child from a one parent family who unfortunately may not receive a gift otherwise. We will be donating these presents on the 13<sup>th</sup> December. Find out more about the Charity on Facebook 'Glasgow Spirit of Christmas', where you can have a look at the work which they carry out and can make any donations too!

## Smile of the Month- This month's smile makeover

★★★★★

Great staff friendly place was over the moon with my treatment ,Joe and the girls were class from my 1st visit and would highly recommend this Dental practice.

This is our patient Mr M, he was having trouble with an old denture as the metal clasps were visible when smiling in photos. He also didn't like the color of his teeth or that the lower teeth were twisted. We used a combination of a flexi denture, cosmetic braces and tooth whitening to help create a smile which he would be with. Here is a photo of before and after treatment carried out and here's what he had to say about his experience.

Not happy with your smile? Give us a call on 01415573488 as we would be more than happy to help.

## Our dentist Joe Graduates from the University of Manchester with a masters degree in dental implants!

"Glad the two years of travelling up and down to Manchester are finally over and done with! It was hard work but in the end I was really pleased to have achieved the degree and with good marks too! The extra training has put me in a great position to be able maintain the implants our current patients already have as well as carry out more advanced treatments for those who may be considering implants."

"Brilliant Dentist Brilliant Nurses Brilliant Staff Your fear leaves you at the door Keep up the fantastic work"- Mrs L S

My first visit to this dental practice after a recommendation. The reception staff are friendly and professional, with reception area clean fresh and comfortable. The dentist himself was very attentive, thorough and put me at ease very quickly. I was given a detailed treatment plan, including costs which will start at my next appointment. I have already recommended Tiwari Watson to family and friends. Check out their website, you won't be disappointed. - Jane
