WE HAVE A WINNER

We would like to thank everyone who participated in last months competition of guessing how many sugar free sweets were in the jar to win an Oral B 6000 electric toothbrush! We can now reveal that the jar contained 317 sweets and the lucky winner is William Buchanan!

Well done!!

Benefits of an electric toothbrush

- Electric toothbrush bristles vibrate/rotate in aid to remove plaque buildup from teeth and gums. The vibration allows for more micro-movements each time you move your toothbrush across your teeth.
- A timer built into an electric toothbrush helps you to brush your teeth for the correct amount of time, usually makes you brush longer than you would using a manual toothbrush
- In general, electric toothbrushes do decrease more plaque and gingivitis than manual toothbrushes.
- Stops you from overbrushing as has a pressure sensor which alerts you when too much pressure is used

Guess these famous faces

For this month's competition we are giving you the chance to win a professional Tooth Whitening Kit worth £250!

All you need to do is guess who these celebrity before and after smiles are.

Guesses can be made in practice, by telephone, through social media and by email.

Competition will end on 31st July.

GOOD LUCK!

We are delighted to say that we received an overall 99% rating this month from our patients. This rating is independently recorded and verified and based on appointment waiting times, price transparency, dignity and respect, involvement in decisions and outcome satisfaction!

We would like to say a big thank you for all your feedback!

Flexible Dentures

Many people consider a Valplast Flexible Partial to be the most comfortable option for their denture with the final restoration being made quickly and precisely!

Typically, more affordable than fixed restorations and only a bit more than conventional dentures with visible metal clasps, Valplast offers a uniquely beautiful aesthetic quality that is unrivaled. A Valplast flexible partial moves with you naturally, giving you confidence while talking, eating and most importantly smiling!

Fantastic results created here at Tiwari Watson Dental Care with a flexi denture.

Just want to thank Tiwari Watson Dental Care for the amazing treatment I have received, can't recommend this practice enough!! ⭐

A massive thank you to Joe who replaced my missing tooth with a dental implant. Really pleased with the results and looks exactly like a real tooth nobody would ever be able to tell. The treatment was surprisingly painless and even got to watch a film on some goggles while I was getting my treatment done to take my mind off it!! Joe and all the staff were really friendly and everything was explained really well giving me a great understanding of the implant process.

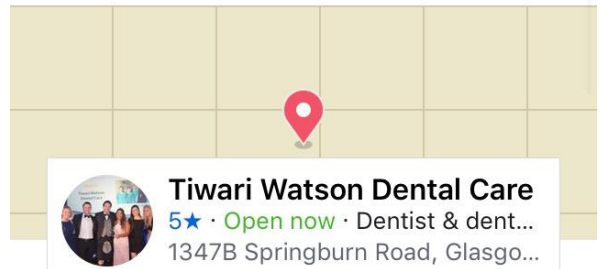

Thank you 😊 🤔

I would Highly recommend Tiwari Watson Dental Care. Due to having a bad experience in another practice I was very nervous about seeing another dentist, however Raashi & all the other staff made me feel so at ease & comfortable. Thanks again 🤔 x
